Report of Director and School Improvement Council

Enoree Career and Technology Center is located in Northern Greenville County, just south of Travelers Rest, South Carolina. The Center was built in 1973, and a four million dollar renovation was completed during the 2005 school year. Enoree Career and Technology Center serves students primarily from Berea High School, Carolina High School, Travelers Rest High School, and Wade Hampton High School; however, students from any Greenville County high school may elect to attend the center for specialized career development courses. Enoree Career Center is accredited through the Southern Association of Colleges and Schools. The programs taught at Enoree include: Automotive Collision Repair, Automotive Technology, Building and Construction, Career Exploration, Certified Nursing Assistant, Anatomy and Physiology, Medical Terminology, Cosmetology, Early Childhood, First Response, Law Enforcement, Graphic Arts, Occupational Diploma Program, and Sports Medicine. Our Cosmetology had a 100% success rate with the State Cosmetology Certification. While our Certified Nursing Assistant program had a 95% success rate with State Certification, Auto Collision Repair and Automotive Technology continue to work toward National Auto Technician Education Foundation certification. Building and Construction is applying for National Center for Construction Education and Research certification. Our Health Sciences department meets DHEC standards and the Certified Nursing Assistant program is certified by the State of South Carolina. Our Emergency Response program receives Red Cross certification in CPR and AED. We have an articulation agreement in place with Greenville Tech, and several of Enoree's courses are dual credit.

Enoree students have competed in both district and state competitions and have represented the center well. A Building Construction student won the state Skills USA Cabinetmaking competition and will compete in national Skills USA Cabinetmaking. A Graphics student placed third in the state Skills USA Graphics competition. The Center selected students of the month in each program at the school. Students of the year in each program were recognized at the center's awards day, as well as director's awards winners, citizenship awards winners and scholarship recipients. Outstanding students are awarded membership in the National Technical Honor Society. Enoree Career and Technology Center was named a Palmetto Gold School by the State Department of Education. This year, Enoree offered single semester introduction courses in almost every program at the center. This change in scheduling resulted in an increase in enrollment and will result in a larger increase once the students become accustomed to the schedule, which allowed students from our feeder high schools more opportunities to attend the center. Looking toward the future, Enoree will offer a second year program in Law Enforcement. Every student will receive academic assistance by using the Key Train Employment skills training software Enoree maintains a great degree of flexibility in classes and curriculum in order to meet the needs of our students, their home base schools, and the community around us. Our goal is to prepare our students for the future, whether it is entering the work force or continuing their education in a post-secondary environment.
